

Have you thought about **volunteering**? Or do **you** know someone who is interested?

CASA of Los Angeles mobilizes community volunteers to advocate on behalf of abused and neglected children in foster care. CASA is driven by the dedication and expertise of caring community members like you, who contribute their time, energy, and experience to advocate on behalf of children in foster care.

At any one time, there are almost 30,000 children navigating the dependency system, moving from home to home, adjusting to a new school, new teachers, and new friends. These children need the consistent support that an advocate—a reliable adult—provides both in the community and the courtroom.

Join us in promoting a safe, permanent environment that supports the well-being of the children in our community.

CASA OF LOS ANGELES

CASA regularly holds information sessions throughout LA County.
